

# COVID-19 Safety Plan

Worksite: Barnett House

## 1st Level Protection – ELIMINATION

REVISED NOVEMBER 20, 2020

- OCCUPANCY LEVELS: Worksite maximum is **3**.
- Masks **MUST** be worn in all common areas, unless worker is behind a barrier.
- MANDATORY WORKER HEALTH CHECKS: Per Provincial Health Officer order, each worker must perform a DAILY health check before entering this worksite, and confirm that none of the following prohibited criteria apply to them.

### No one may enter this worksite if they:

- Have travelled outside of Canada within the last 14 days
- Have been identified by Public Health as a close contact of someone with COVID-19
- Have been told to isolate by Public Health
- Are displaying any of the following new or worsening symptoms:

Fever or chills	Loss of appetite	Sore throat	Nausea or vomiting
Cough	Loss of sense of smell or taste	Headache	Diarrhea
Difficulty breathing	Extreme fatigue or tiredness	Body Aches	

A notice to this effect is posted at the main entrance.

## 2nd Level Protection – ENGINEERING CONTROLS

- The washroom in the staff office unit is for staff use only.
- Ensure that only one client at a time is transported in a program or staff vehicle. Seat the client in a back seat. Ensure the client has sanitized their hands and wears a mask before entering the vehicle. Wipe high-touch points in the vehicle after each use, including those touched by the driver, such as steering wheel, gear shift, and other controls.

## 3rd Level Protection – RULES and GUIDELINES

- This worksite has rules and guidelines that all workers are expected to follow – see the following documents:
  - **Health and Safety: Cleaning and Disinfecting** (WorkSafeBC)
  - **Help Prevent the Spread of COVID-19: Coughs and Sneezes** (WorkSafeBC)
  - **Help Prevent the Spread of COVID-19: How to Use a Mask** (WorkSafeBC)
  - **Help Prevent the Spread of COVID-19: Handwashing** (WorkSafeBC)
  - **Global Pandemic Precautions** (John Howard document)
  - **Next Steps** (John Howard document)
- Workers and residents will follow social distancing rules to keep two metres between people at all times. When this is challenging, such as in a vehicle, masks will be worn.
- If an individual (staff, client, or visitor) is sick or injured, do **NOT** assist the individual until you are wearing appropriate PPE, particularly a mask but also any other PPE, such as gloves, visor, or gown, which may be necessary depending on the nature of the injury or illness.
- Hand sanitizer is kept near the entrance. Workers, residents, and visitors are expected to use hand sanitizer or wash their hands thoroughly on arrival.
- Do not share office supplies/equipment (pens, phone, calculator, workstations, etc.) unless sanitized.
- Turn light switches on/off with your elbow.
- High-touch areas in the staff unit will be wiped down after each visitor to the unit.
- No communal food is to be shared between staff and/or clients, visitors, etc.
- In these times, it is important to take care of your mental wellness as you provide support to clients. Please remember EFAP is available, and managers welcome you to check-in if you are struggling and need support.

## 4th Level Protection – PERSONAL PROTECTIVE EQUIPMENT

- Fabric masks have been provided to all workers in this worksite. Please use your mask when you are unable to maintain a distance of two metres from all other people. Consider using your mask when in a face-to-face counselling session and offering a disposable mask to your client.
- Ensure you know how to take care of your mask, and use your mask safely. See How to Use a Mask.
