

COVID-19 Safety Plan

Worksite: The Station

1st Level Protection – ELIMINATION **REVISED NOVEMBER 20, 2020**

- OCCUPANCY LEVELS: Worksite maximum is **20**. Each common area has a posted max - do NOT enter if at the limit.
- Masks **MUST** be worn in all common areas, unless worker is behind a barrier.
- MANDATORY WORKER HEALTH CHECKS: Per Provincial Health Officer order, each worker must perform a DAILY health check before entering this worksite, and confirm that none of the following prohibited criteria apply to them.

No one may enter this worksite if they:

- Have travelled outside of Canada within the last 14 days
- Have been identified by Public Health as a close contact of someone with COVID-19
- Have been told to isolate by Public Health
- Are displaying any of the following new or worsening symptoms:

Fever or chills	Loss of appetite	Sore throat	Nausea or vomiting
Cough	Loss of sense of smell or taste	Headache	Diarrhea
Difficulty breathing	Extreme fatigue or tiredness	Body Aches	

A notice to this effect is posted at the entrance.

2nd Level Protection – ENGINEERING CONTROLS

- One washroom is designated for use by staff
- Face-to-face counselling sessions can only be held in the designated rooms/offices deemed large enough to accommodate social distancing.
- Ensure that only one client at a time is transported in a program or staff vehicle. Seat the client in a rear seat (not beside the driver). Both driver and client must sanitize their hands, and put on a mask before entering the vehicle. Wipe high-touch points in the vehicle after each use, including those touched by the driver, such as steering wheel, gear shift, and other controls.

3rd Level Protection – RULES and GUIDELINES

- This worksite has rules and guidelines that all workers are expected to follow – see the following documents:
 - **Health and Safety: Cleaning and Disinfecting** (WorkSafeBC)
 - **Help Prevent the Spread of COVID-19: Coughs and Sneezes** (WorkSafeBC)
 - **Help Prevent the Spread of COVID-19: How to Use a Mask** (WorkSafeBC)
 - **Help Prevent the Spread of COVID-19: Handwashing** (WorkSafeBC)
 - **Global Pandemic Precautions AND Next Steps** (John Howard documents)
- Workers and residents will follow social distancing rules to keep two metres between people at all times. When this is challenging, such as in a vehicle, masks **MUST** be worn.
- If an individual (staff, client, or visitor) is sick or injured, do **NOT** assist the individual until you are wearing appropriate PPE, particularly a mask but also any other PPE, such as gloves, visor, or gown, which may be necessary depending on the nature of the injury or illness.
- Hand sanitizer is kept near the entrance. Workers, residents, and visitors are expected to use hand sanitizer or wash their hands thoroughly on arrival.
- Wash your hands immediately before using shared equipment (copier, kitchen appliances, watercooler, etc.).
- Do not share office supplies/equipment (pens, phone, calculator, workstations, etc.) unless sanitized.
- Turn light switches on/off with your elbow.
- There are established cleaning protocols in this worksite, including a list of high-touch areas. All workers are expected to participate in the cleaning schedule.
- Prior to leaving a washroom, wash your hands then use disinfectant provided to spray the flush handle and taps. Leave the spray to dry naturally.
- No communal food is to be shared between staff and/or clients, visitors, etc.
- Residents will eat in their suites. Care will be taken by staff to use proper hand cleaning in the preparation, delivery, and cleanup of meals.
- In these times, it is important to take care of your mental wellness as you provide support to clients. Please remember EFAP is available, and managers welcome you to check-in if you are struggling and need support.

4th Level Protection – PERSONAL PROTECTIVE EQUIPMENT

- Fabric masks have been provided to all workers in this worksite. Your mask **MUST** be worn when you are unable to maintain a distance of two metres from all other people. Consider using your mask when in a face-to-face counselling session and offering a disposable mask to your client.
- Ensure you know how to take care of your mask, and use your mask safely. See **How to Use a Mask**.
